Re: Workers Compensation Insurance

**Item W-8015NC - Additional Coverages Under the North  
North Carolina Workers Compensation Insurance Plan**

The North Carolina Workers Compensation Insurance Plan (NCWIP) defines "workers compensation insurance" to include (i) statutory workers compensation and occupational disease, (ii) employers liability insurance written in connection with a workers compensation policy and (iii) such other coverages as determined by the Plan Administrator approved by the Commissioner.

The Bureau has adopted and the North Carolina Department of Insurance has approved a filing to establish additional coverages that will be made available under the NCWCIP in accordance with part (iii) of the "workers compensation insurance" definition.

The attached Filing Memorandum and Exhibit describe the coverages to be provided under the NCWCIP effective December 1, 1994, applicable to new and renewal assigned risk business and prospectively to outstanding assigned risk business.

Very truly yours,

Jerry G. Hamrick

Workers Compensation Manager
