

Ceded Motorcycle Data Call

For motorcycle data ceded to the NC Reinsurance Facility, our ratemaking process requires data that is separated into the "clean" and "other than clean" categories. As a reminder, North Carolina G.S. 20-4.01(27h) defines "motorcycles" as: "Vehicles having a saddle for the use of the rider and designed to travel on not more than three wheels in contact with the ground, including autocycles, motor scooters, and motor-driven bicycles, but excluding tractors and utility vehicles equipped with an additional form of device designed to transport property, three-wheeled vehicles while being used by law-enforcement agencies, electric assisted bicycles, and mopeds as defined in sub-subdivision d1. of this subdivision." Further, any vehicles reported under Rule 19 for "Miscellaneous Vehicle Types" that are rated with Motorcycles should also be included in this report.

An <u>excel spreadsheet</u> is available on the NCRB website for use in reporting this data, and data should be reported via email to idcsupport@ncrb.org. The due date for this new data call is November 1, 2023.

For ceded motorcycle, Carriers need to report earned premium and earned exposures for:

- Ceded BI "Clean"
- 2) Ceded BI "OTC"
- 3) Ceded PD "Clean"
- 4) Ceded PD "OTC"

See below for the format requested for this data:
